

# A New Case for P.I. Plug

My name is P.I. Plug. I'm a private investigator—I find electrical dangers and fire hazards in and around people's homes. If you want to help, you're in luck. Help me search the house for a villain called Escaping Electricity, or E.E. But watch out! E.E. placed hazards in the home—be sure to avoid them so you can stay safe.

You can't see me, but I am here. I am usually safe, but when I escape I make the objects in your home unsafe—and I may even start a fire.  
—E.E.

Hmmm...he's not here. But I did find this note. What do you think it means?
