Recuerda de comentarles a tus familiares y amigos(as) cómo mantenerse seguros en la zona cercana a las vías del tren. ¡Podrías salvarle la vida a alguien!

La vía ferroviaria que recorre los Condados de Marin y Sonoma ya está en actividad. ¿Conoces las reglas de Seguridad Ferroviaria?

ALERTA POR AURICULARES:

Si usas auriculares en zonas cercanas a las vías del tren, esto te impedirá escuchar las campanas de aviso del ferrocarril. En el tiempo que tarda el maquinista del tren hasta distinguirse por las vías del tren, ya será muy tarde para poder detener la formación y evitar arrollarte.

Importante regla de seguridad: Escribe las letras que aparecen a lo largo del sendero *correcto* en las líneas que siguen abajo.

En todos los cruza del ferrocarril:

Safety-Minded Around Rails and Trains

SIEMPRE/NUNCA camina sobre o cerca de las vías del tren.

SIEMPRE/NUNCA cruces las vías del tren cuando las campanas y las luces estén activadas y las barreras bajas.

SIEMPRE/NUNCA toma un atajo para cruzar las vías del tren.

SIEMPRE/NUNCA cruces por un paso a nivel.

¡Pídele a tu papá/mamá que te corrija tus respuestas!

Marca con un círculo SIEMPRE o NUNCA para completar estas reglas de seguridad.

Remember to tell your family and friends how to be safe around railroad tracks: You could save a life!

The railroad track in Sonoma and Marin Counties is now an active railroad. Do you know the Rail Safety Rules?

HEADPHONE ALERT:

Wearing headphones or ear buds around tracks prevents you from hearing warning bells! By the time a train operator sees you on the tracks, it is too late to stop the train in time to avoid hitting you!

Important safety rule: Write the letters found along the correct path to the sidewalk on the lines below.

At all rail crossings:

Three sets of horizontal lines for writing the letters found along the correct path.

Safety-Minded Around Rails and Trains

Illustration of a railroad crossing with a cartoon character and several callout boxes containing safety rules: 'ALWAYS / NEVER walk on or next to the tracks.', 'ALWAYS / NEVER cross tracks when bells are ringing, lights are flashing and the gate is lowered!', 'ALWAYS / NEVER take a "shortcut" to cross the tracks.', 'ALWAYS / NEVER cross tracks at a crossbuck.', 'Circle NEVER or ALWAYS to complete these safety rules.', 'Have a parent check your answers!'.

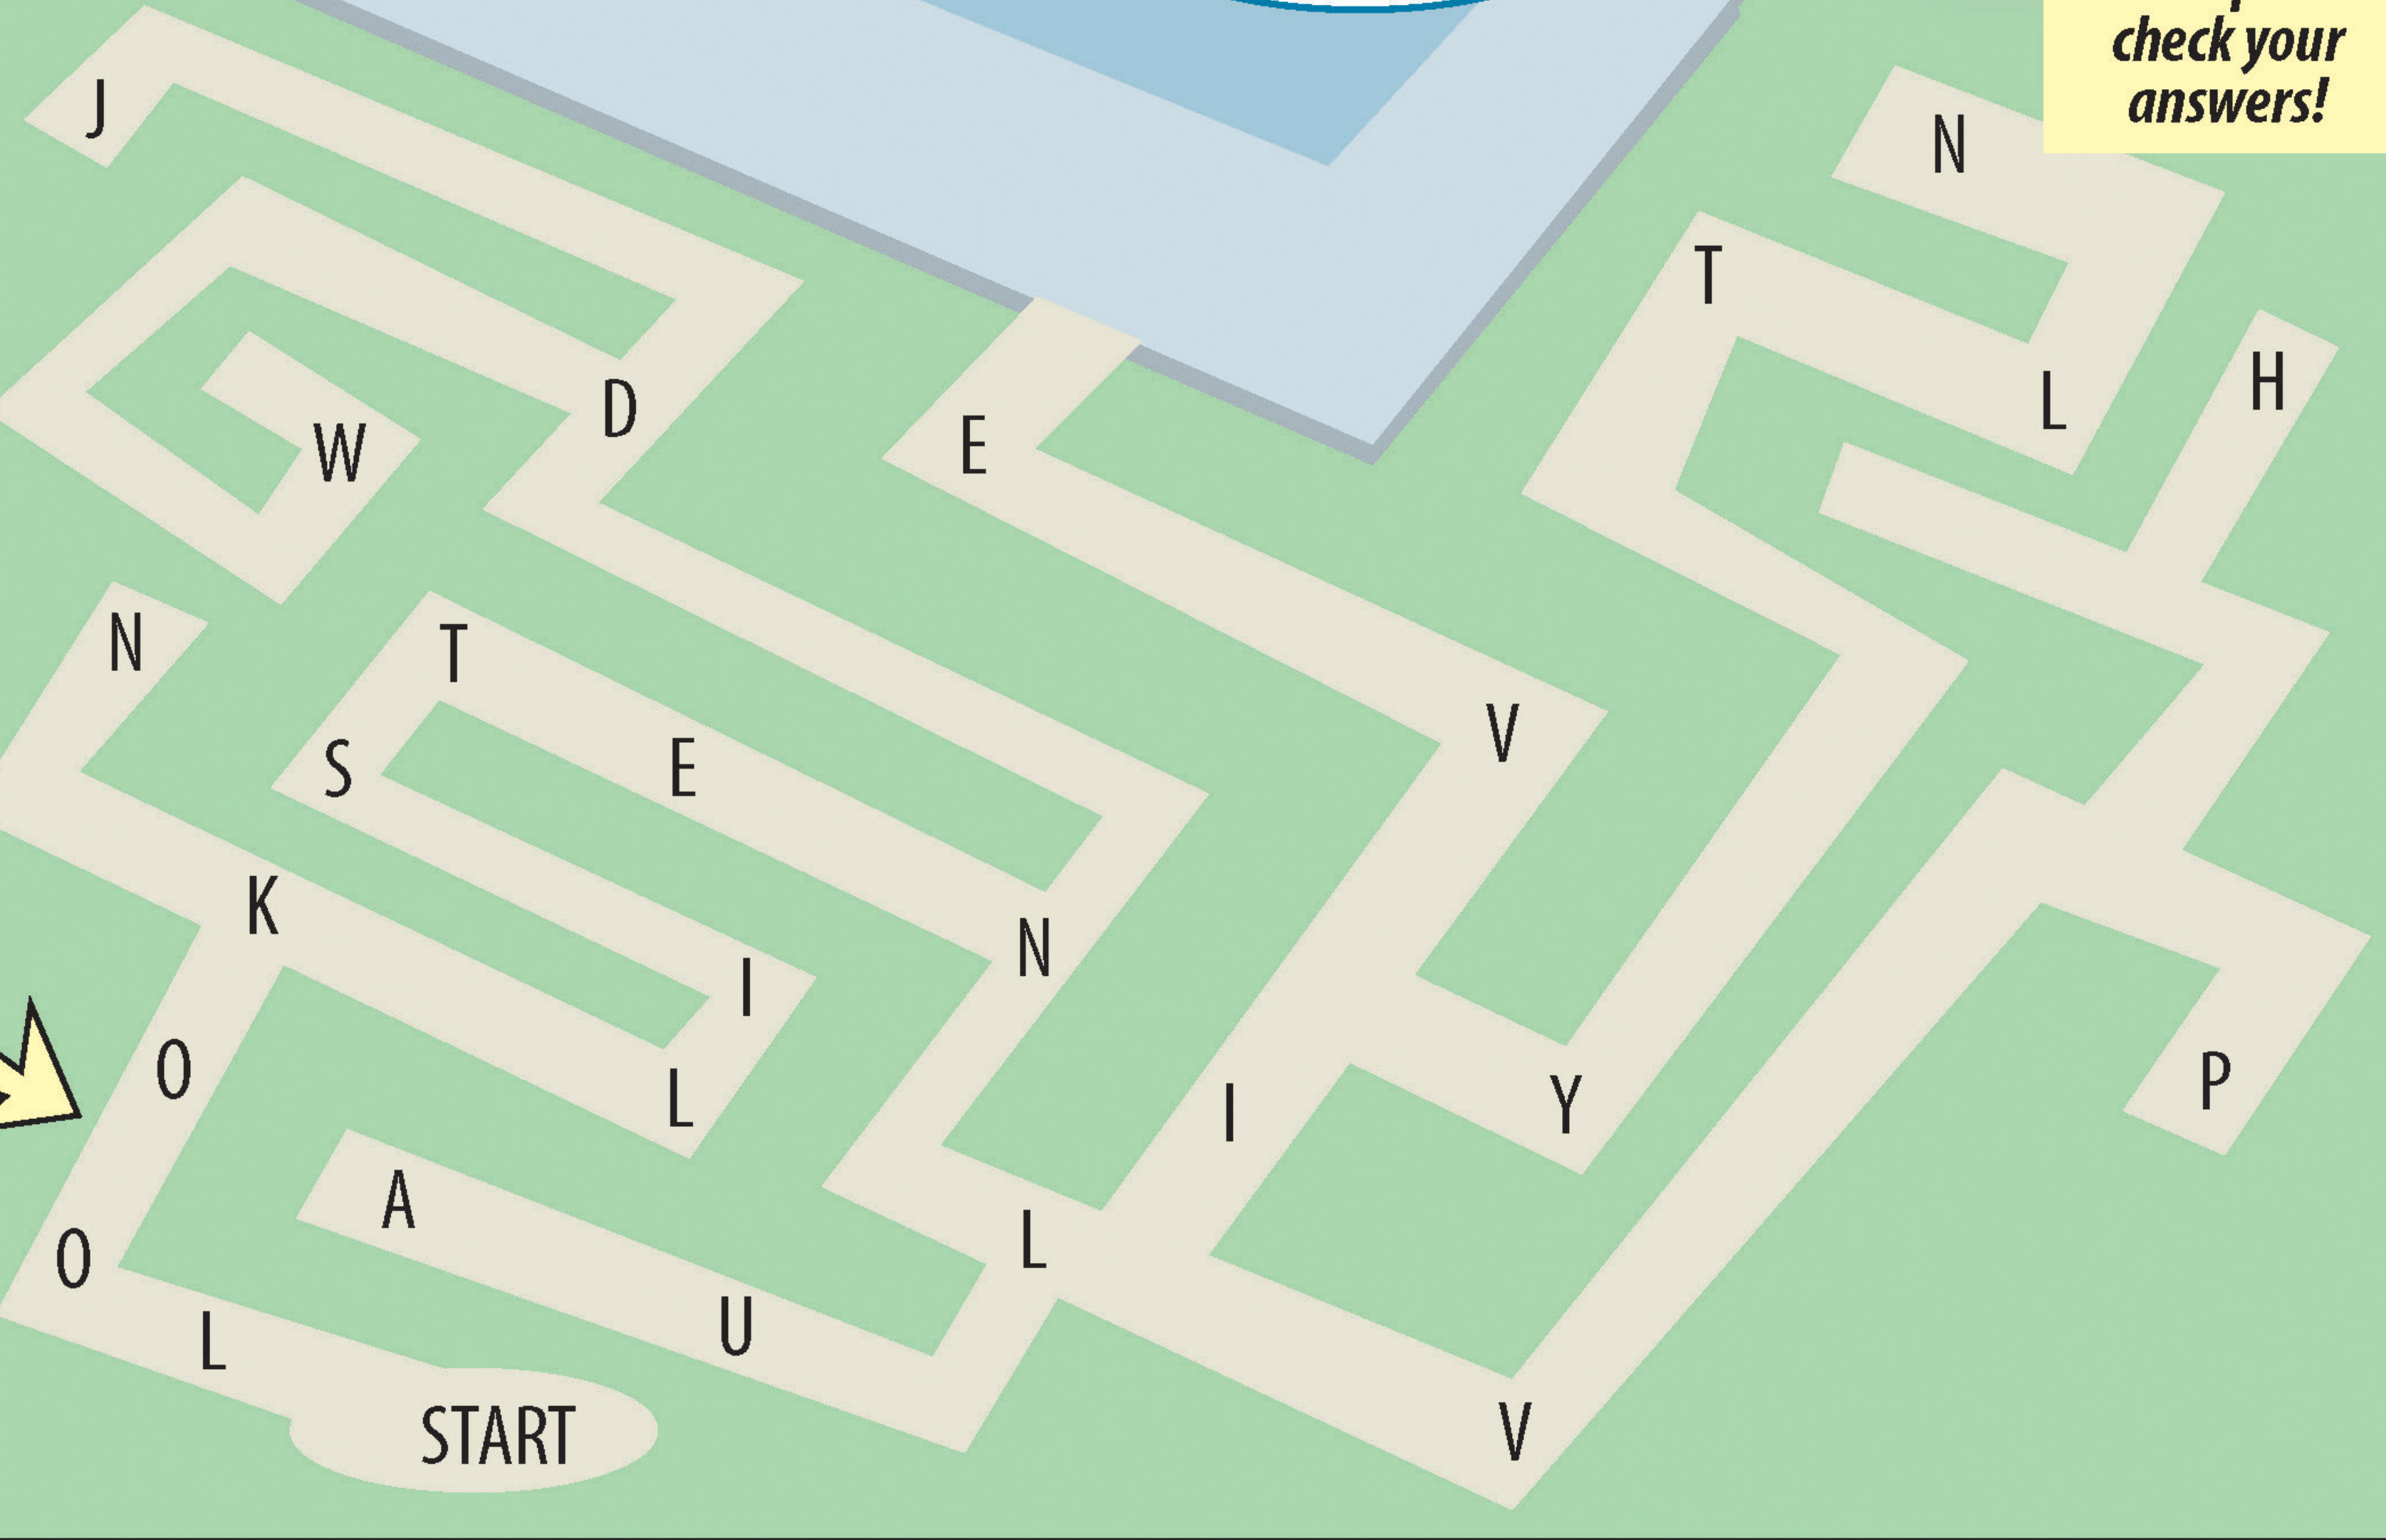

ALWAYS / NEVER take a "shortcut" to cross the tracks.

ALWAYS / NEVER cross tracks when bells are ringing, lights are flashing and the gate is lowered!

Circle NEVER or ALWAYS to complete these safety rules.

ALWAYS / NEVER cross tracks at a crossbuck.

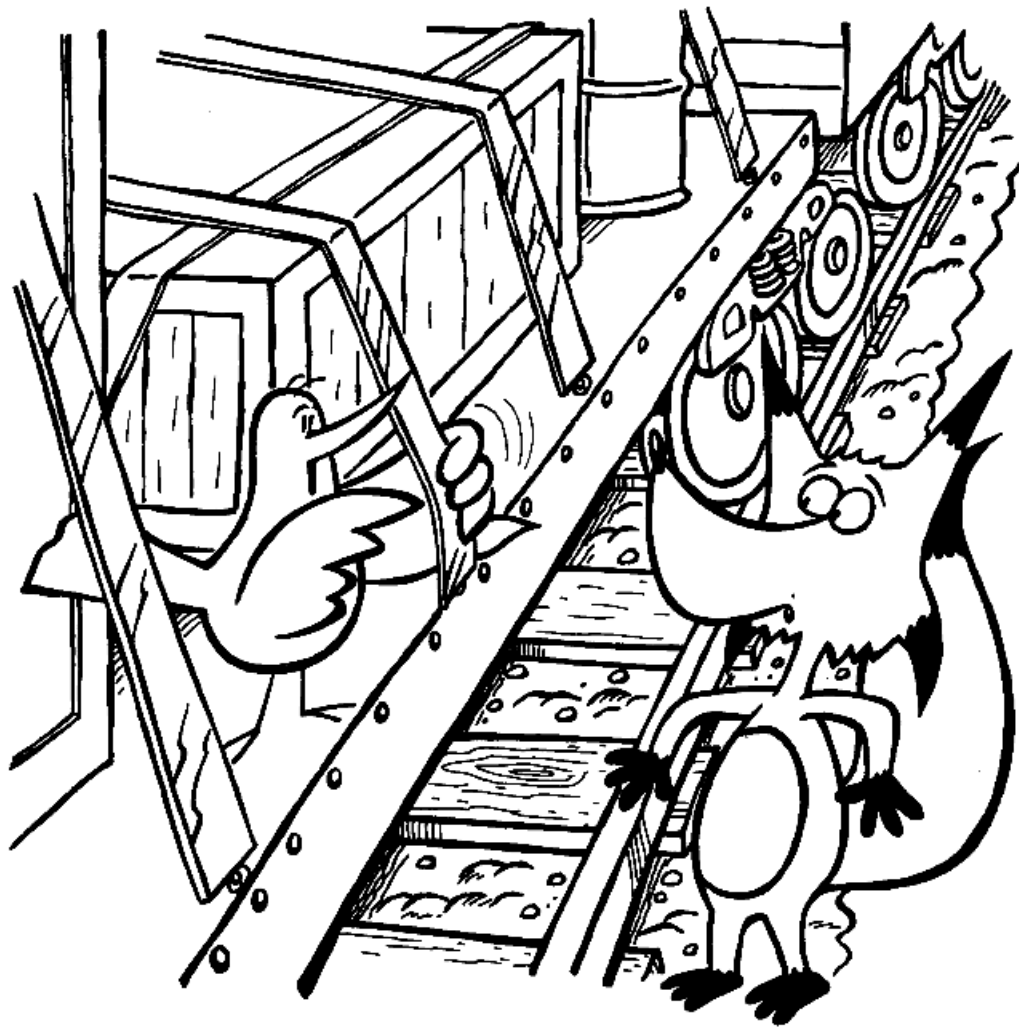

Have a parent check your answers!

Crissy Crossbuck's Track SMART Rules:

- ✓ Tracks are for TRAINS, not for games!
- ✓ NEVER take a shortcut across the tracks!
- ✓ Cross ONLY at a railroad crossing sign!

Visit www.BeTrackSMART.org to learn how to build rail safe communities.

PIENSE PRIMERO EN LA SEGURIDAD.

- Nunca camine sobre las vías del tren. Es ilegal y peligroso caminar sobre las vías.
- Manténgase detrás de la línea amarilla en la plataforma antes de abordar y después de salir del tren. Siempre permita que las personas salgan antes de abordar.
- Los conductores nunca deben detenerse en las vías.

Para más información de seguridad ferroviaria, conéctese a BeTrackSMART.org o llámenos al (707) 794-3330.

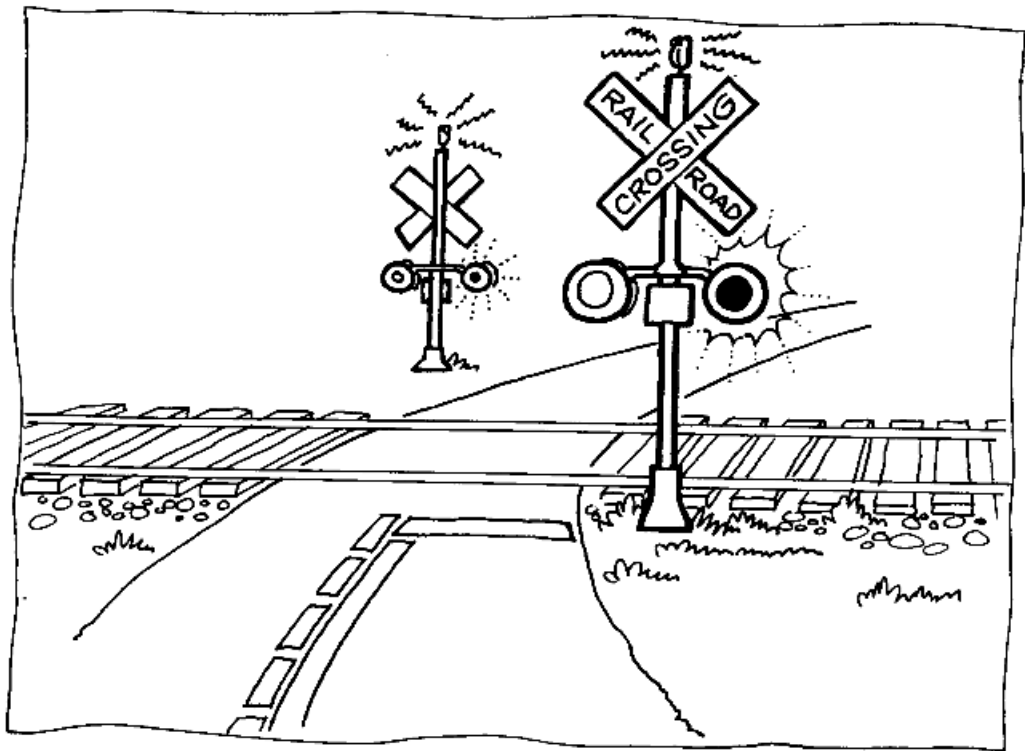

THINK SAFETY FIRST.

- **Never walk on the railroad tracks.**
Walking on the tracks is illegal and dangerous.
- **Stay behind the yellow strip on the platform**
before boarding and after exiting the train.
Always allow people to exit first, before you board.
- **Drivers should never stop on the tracks.**

2. Stop, look, and listen at all rail/highway grade crossings. _____ and _____
3. Stop when you see the flashing lights. _____
4. Cross the railway tracks after the train passes. _____

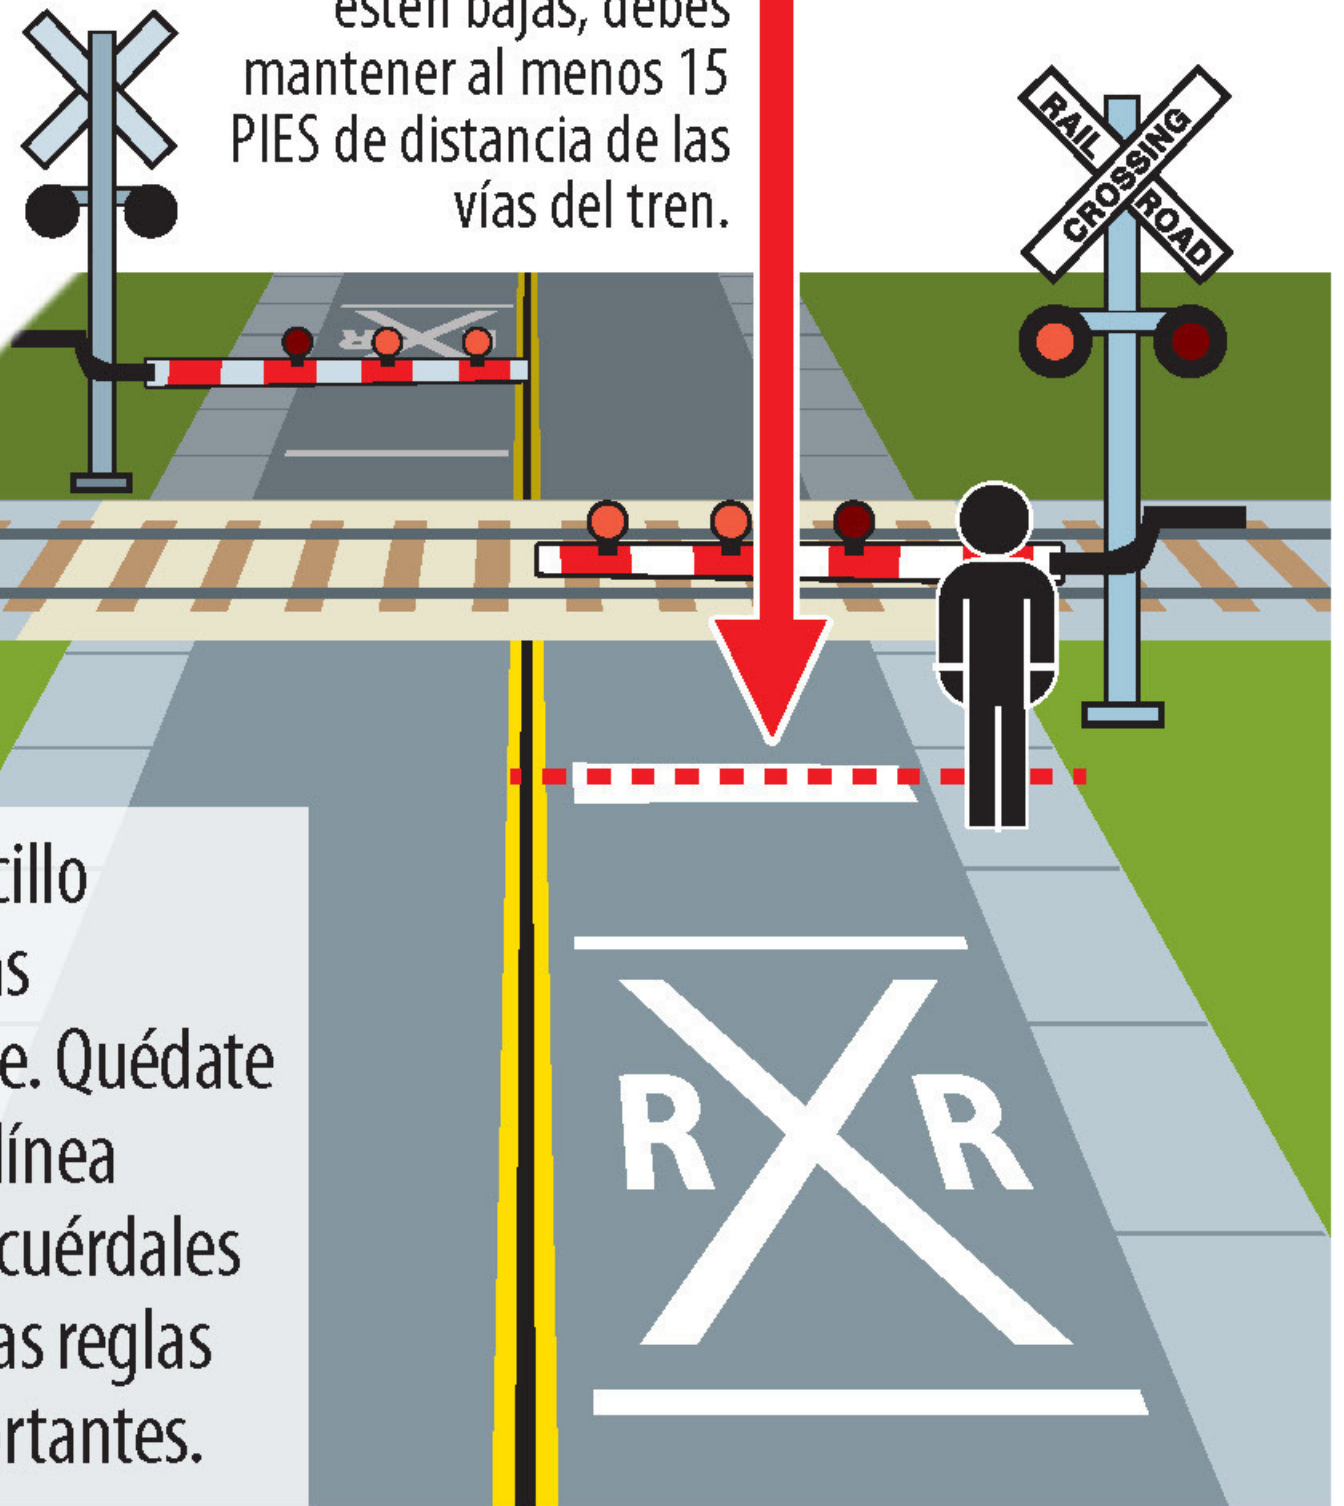

CRISSEY CROSSBUCK TE RECUERDA QUE:

¡MANTÉNTE LEJOS DE LAS VÍAS DEL TREN!

Quedarse a 15 pies de distancia es sencillo cuando puedes ver las señalización en la calle. Quédate en la acera (banqueta) a un lado de la línea blanca. Siempre mantente SMART y recuérdales a tus amigos, amigas y parientes que las reglas de seguridad ferroviaria son muy importantes.

Cuando las barreras del cruce del ferrocarril estén bajas, debes mantener al menos 15 PIES de distancia de las vías del tren.

CRISSEY CROSSBUCK REMINDS YOU:

STAY BACK FROM THE TRACKS!

When the gate is in the down position, stay at least 15 FEET BACK from the tracks.

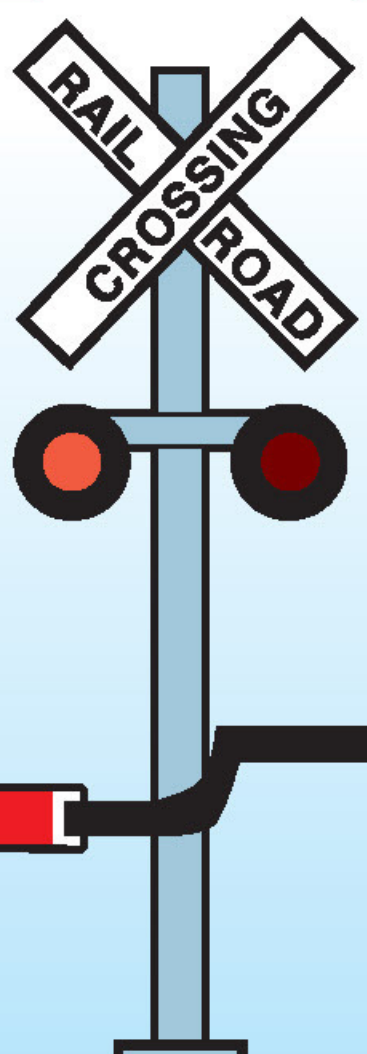

Staying back 15 feet is easy when you see the railroad crossing markings on the street. Stand on the sidewalk next to the white stop line. Always be track SMART and remind your family and friends about this important safety rule, too!

Operation Lifesaver Activity Pages - Answers

WHAT DO THE SIGNS MEAN? When you connect the dots you make a railroad **crossing signal and gate**. When the lights are flashing and the gate is down it means you must stop and wait for the train to go by. This is what it looks like:

WHO AM I? I am a crossbuck! A crossbuck sign tells you to slow down, look and listen for a train. If a train is coming you must stop and let the train go by before crossing the tracks. This is what the **crossbuck** looks like:
