

*Remember
Junior Rangers*

You are not the only visitors. The Preserve is for all of us! Take only pictures and memories, and leave only footprints.

NPS 8/16/06

Congratulations!

We are pleased to announce that

_____ is now a Junior Ranger!

Remember the Junior Ranger Motto:
Explore, Learn, Protect!

_____ Park Ranger

_____ Date

Junior Ranger Program

Ages 8 & up

Hey, Kids

Become a Junior Ranger!
Do these activities at the

**Timucuan Preserve Visitor Center at
Fort Caroline National Memorial**

and earn your Junior Ranger Badge!

_____ (Please print your name here)

The National Park Service Arrowhead

The Arrowhead was authorized as the official National Park Service emblem on July 20, 1951.

How many years ago was the emblem created? _____

*The sequoia tree and bison represent plants and wildlife.
The mountains and water represent scenery and enjoyment.*

Why do you think it is shaped like an arrowhead?

Fill in the missing words!

1. Fort Caroline is in the shape of a

_____.

2. The water-filled ditch that surrounds the fort

is called a _____.

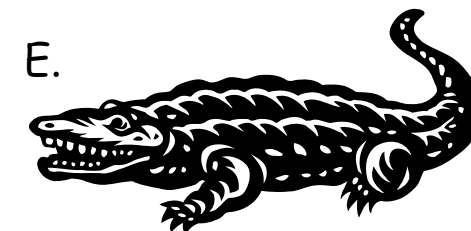

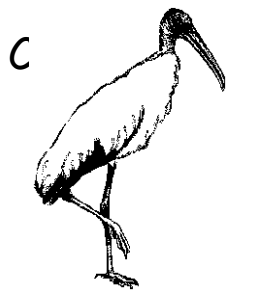

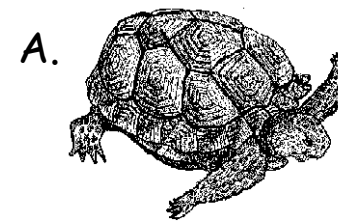

3. The structure where bread was made is

the _____.

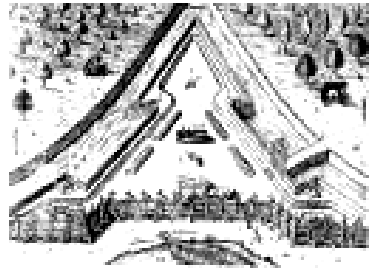

Animals in the Preserve

Circle the letters of the animals that are protected
in the Timucuan Preserve.

F. All of them!

Fort Caroline & Ribault Monument

1. Why did the French Huguenots come to Northeast Florida? (Hint: All three reasons start with a G!)

G _____, G _____,

and G _____.

2. What happened to the French colony?

Number these events from 1 to 4 so they are in the right order.

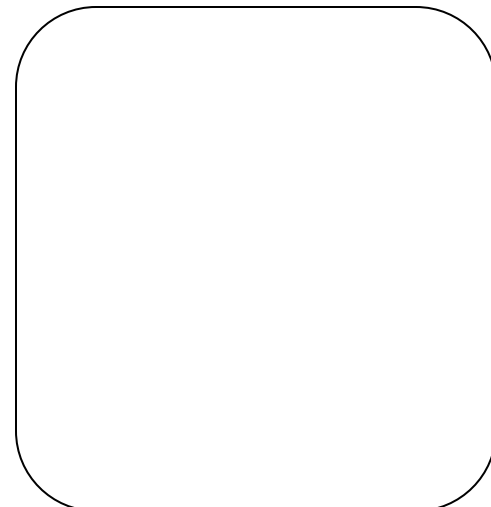

_____ The French left in ships to attack the Spanish.

_____ The Spanish marched and attacked the fort.

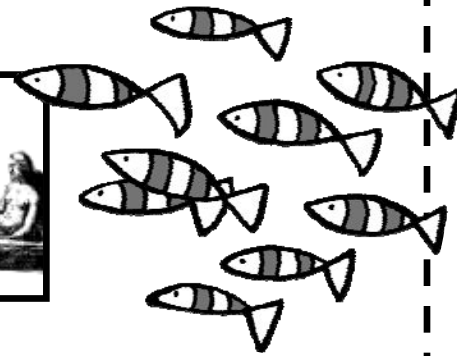

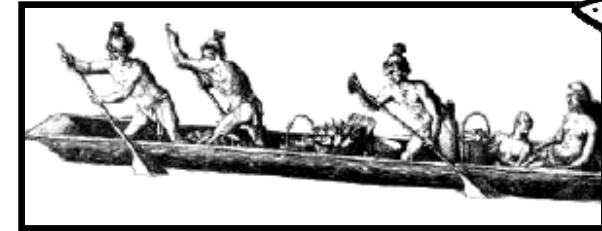

_____ Most of the French settlers were killed or captured.

_____ The French built a fort.

3. French explorer Jean Ribault (Rih-BOH) set up a column to claim Florida for the country of France. The one you see in the park is a replica of this column. Draw the Ribault Monument.

The Timucua

1. Who were the Timucua? (Circle one.)

- A. Spanish sailors who attacked the fort.
- B. Native Americans who lived in this area.
- C. Pirates and hunters from the Caribbean.

2. What type of seafood did they eat the most?

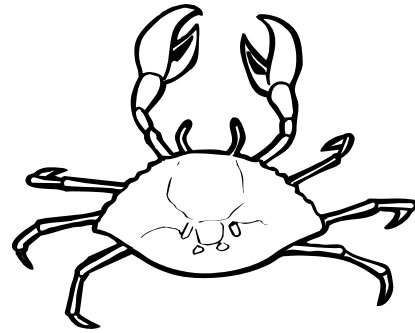

3. From what material did the Timucua build their canoes?

4. How did Timucua men wear their hair? (Circle one.)

Inside the Timucuan Preserve Visitor Center

Name the major river that flows north through Jacksonville, Florida:

What is the largest ecosystem in the Timucuan Preserve? (Circle one.)

A. Desert

C. Sandy Beaches

B. Mountain Forests

D. Salt Marsh

How have people through time (from the Timucua to ourselves) used the river?

Look at the big picture of underwater life in the Visitor Center (near the front doors). Can you find one thing that should not be there?

Theodore Roosevelt Area (and Spanish Pond)

A WALK ON THE WILD SIDE!

Who donated the land for the Theodore Roosevelt Area?

A. Willie Browne

B. Theodore Roosevelt

C. The Timucua

Draw a picture of a bird, mammal or reptile you saw while you walked on the nature trails.
