Stay healthy by seeing your doctor for checkups and medicine.

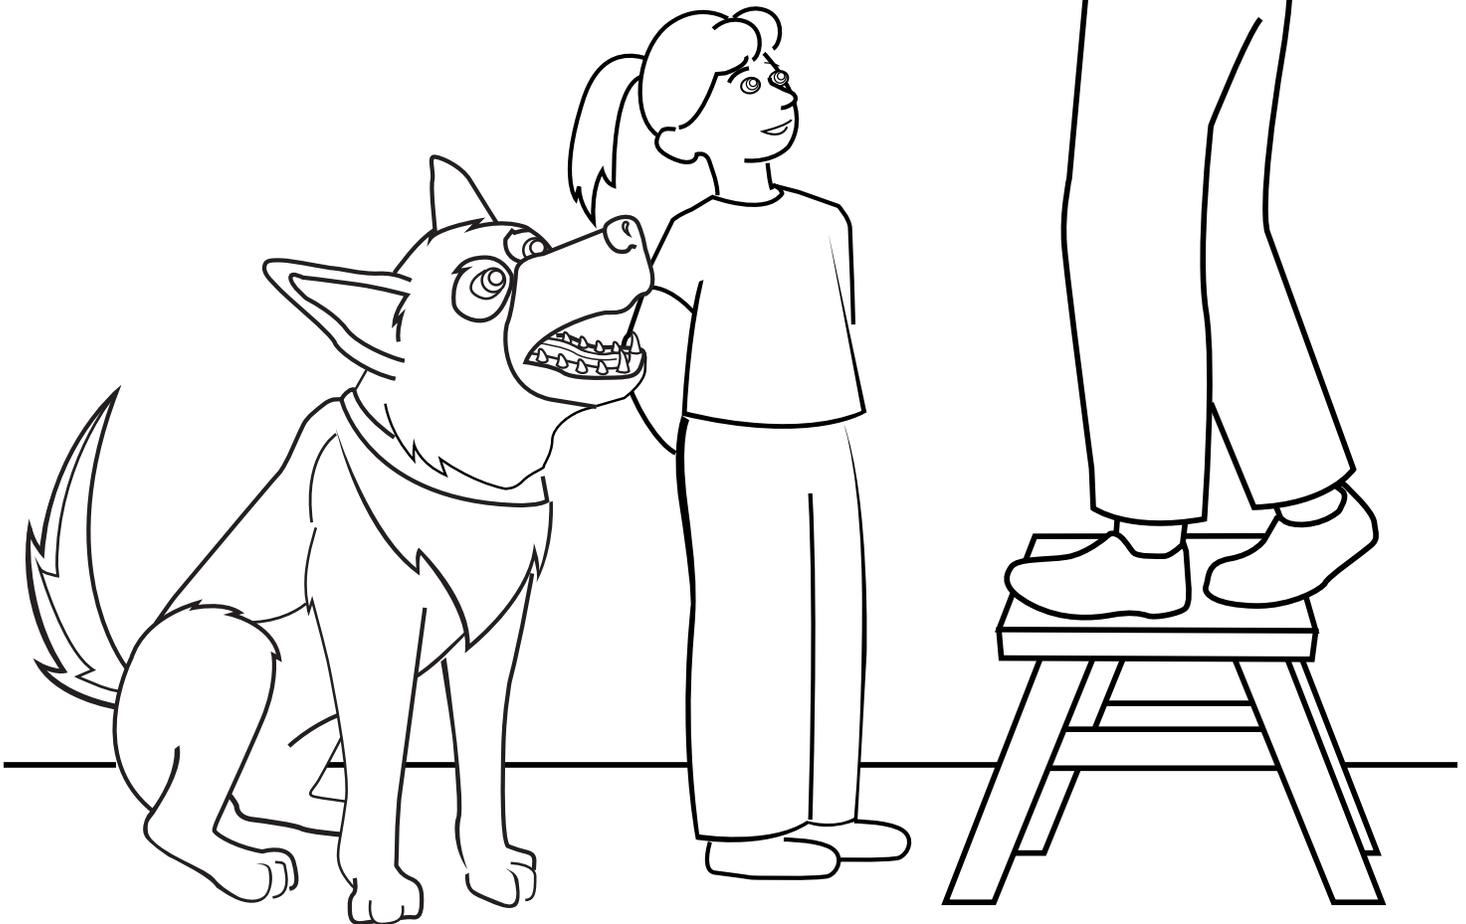

At the vet, Fred gets his medicine and a microchip to help him get back to his family if he is ever lost. Staying healthy keeps you, and Fred, ready for an emergency.

**Fred helps his family
check their smoke
detectors.**

**Facts
From
Fred**

Smoke detectors should be tested every month and batteries should be replaced twice a year at the same time you change the time on the clocks.

HOW TO MAKE A DISASTER KIT

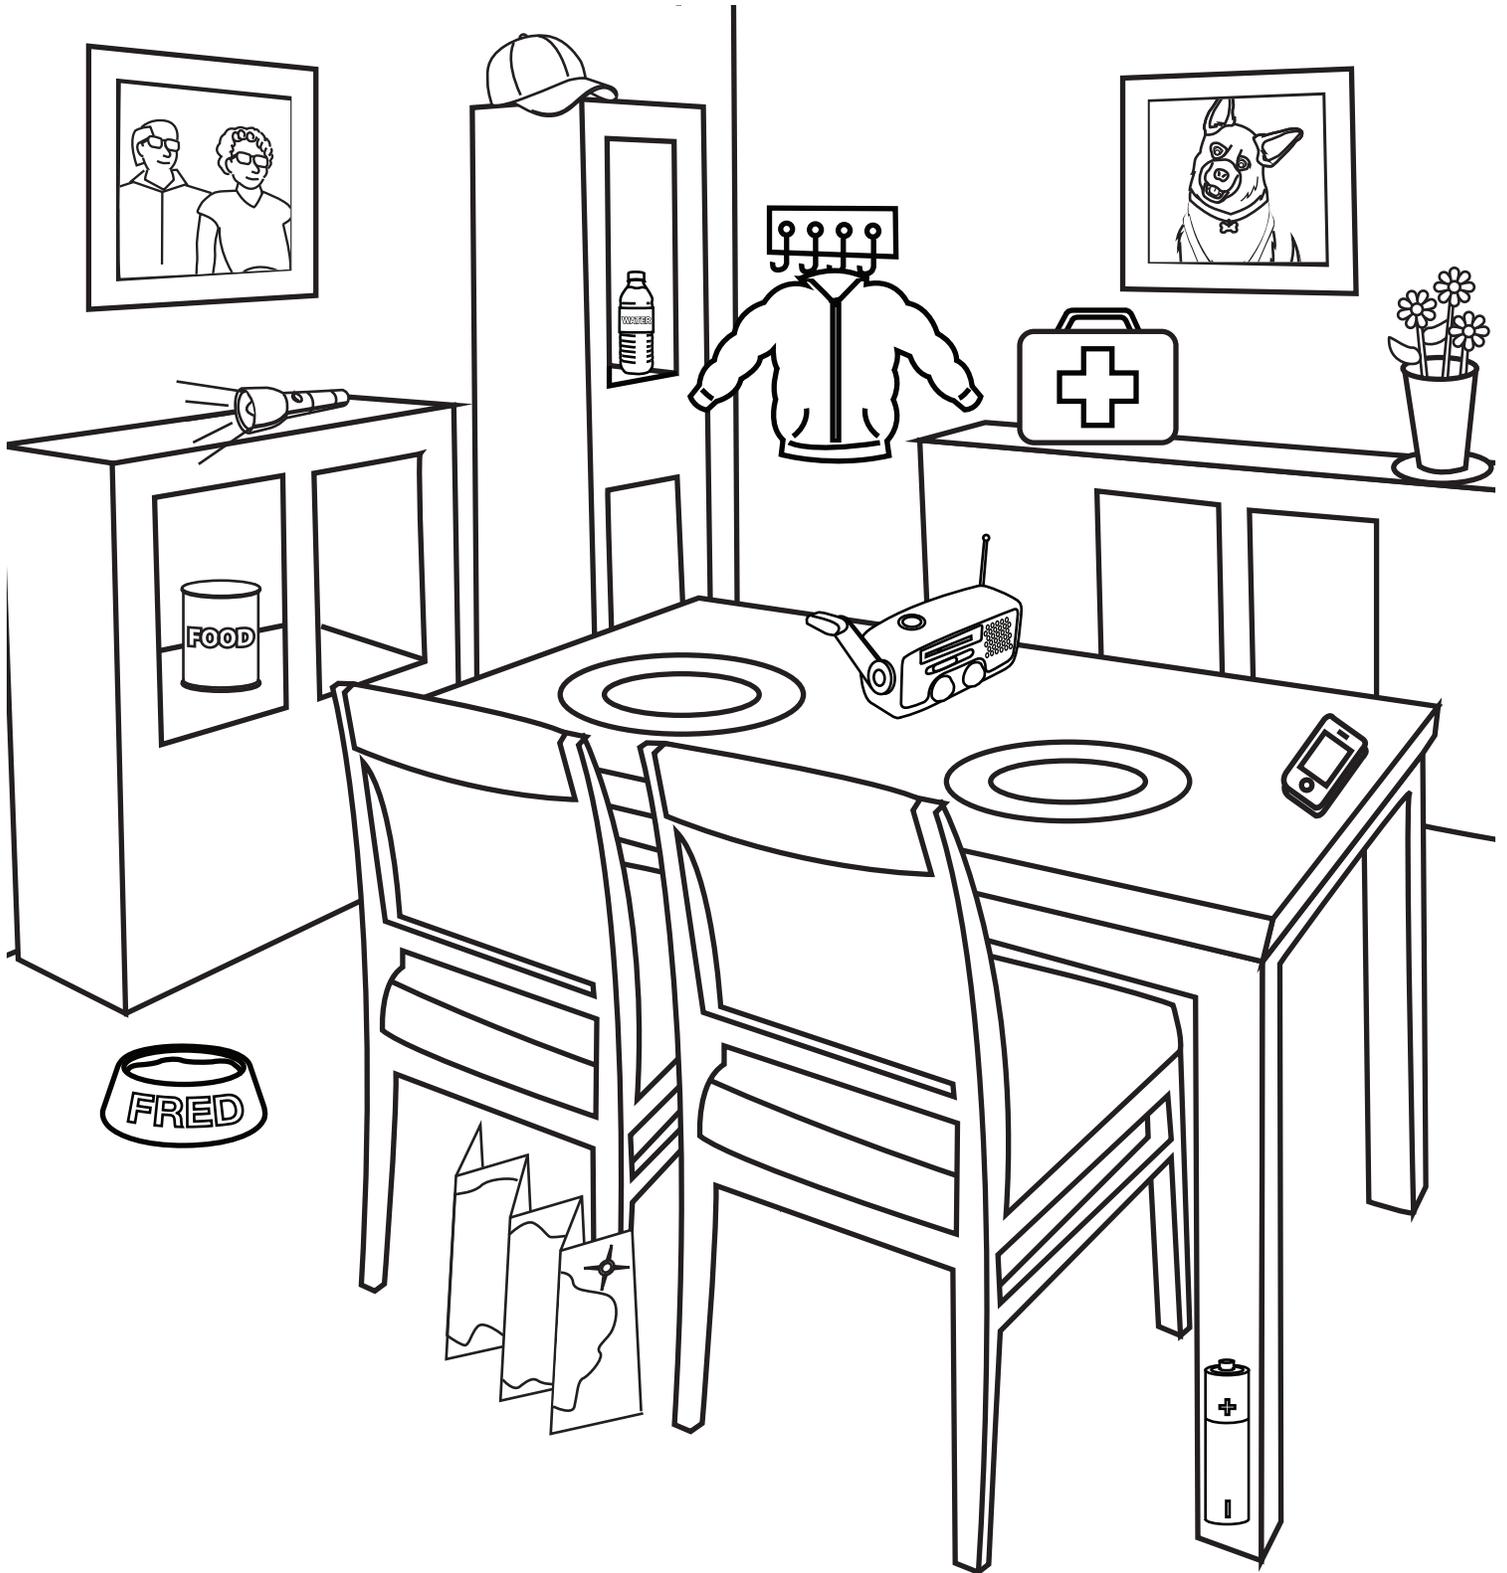

Get together as a family and make a kit.

A basic emergency supply kit could include the following items:

- Water, one gallon of water per person per day for at least three days, for drinking and cleaning
- At least a three-day supply of food that won't spoil, like canned or dried food
- Battery-powered or hand crank radio and a NOAA Weather Radio with tone alert and extra batteries for both
- Flashlight and extra batteries
- First aid kit
- Whistle to signal for help
- Dust mask to help filter dirty or harmful air and plastic sheeting and duct tape to help keep you safe until danger has passed
- Baby or hand wipes, garbage bags and plastic ties for cleaning up trash and messes
- Wrench or pliers to turn off utilities
- Manual can opener for food
- Local maps
- Cell phone with chargers
- Emergency contact numbers and names (Doctor, Grandparents, etc.)

Circle the items you need to make your own disaster kit!

**Facts
From
Fred**

Your community has an emergency and disaster response team that can include police, firefighters and emergency medical workers.

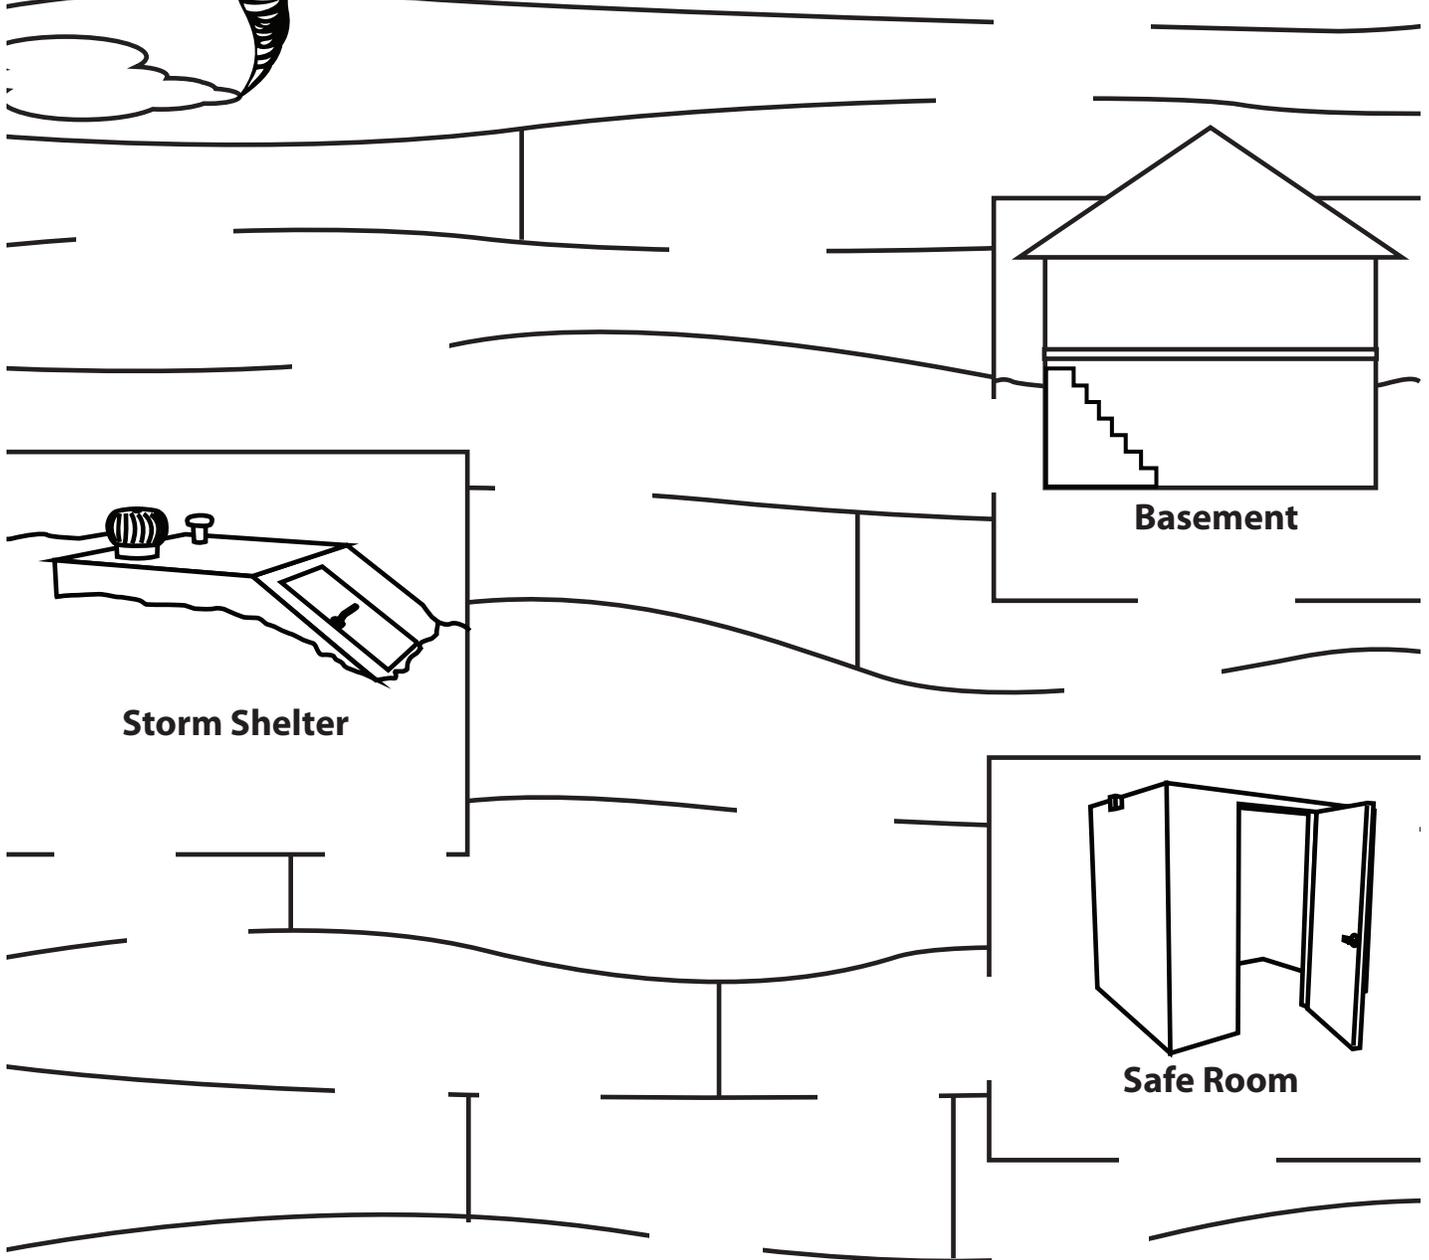

TORNADO!

Go through the maze by getting to the three places you can go to be safe during a tornado

Start

Storm Shelter

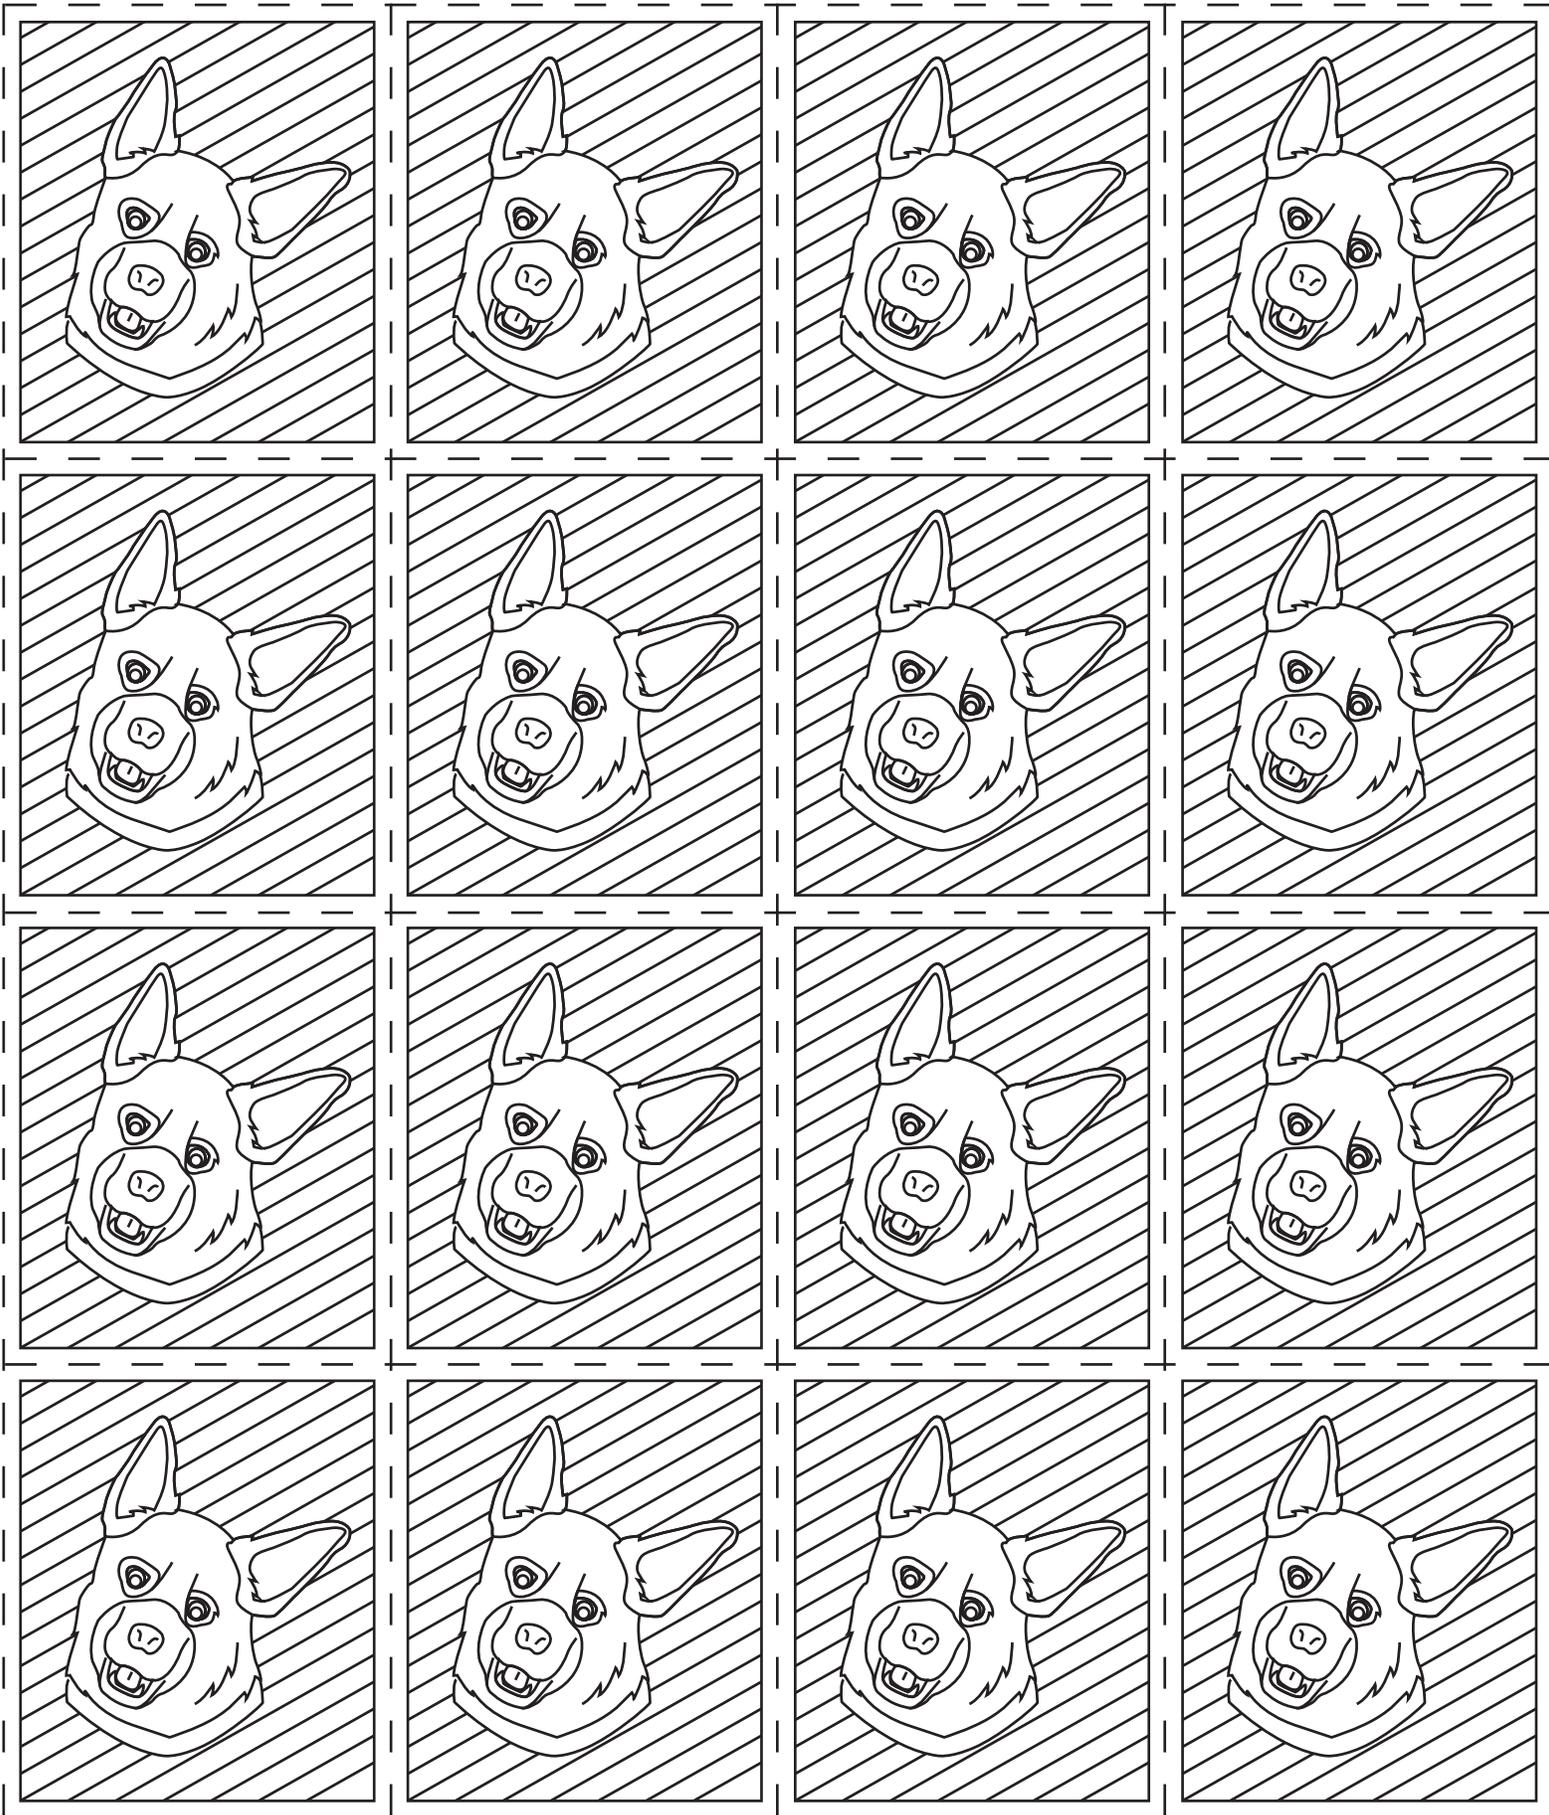

Basement

Safe Room

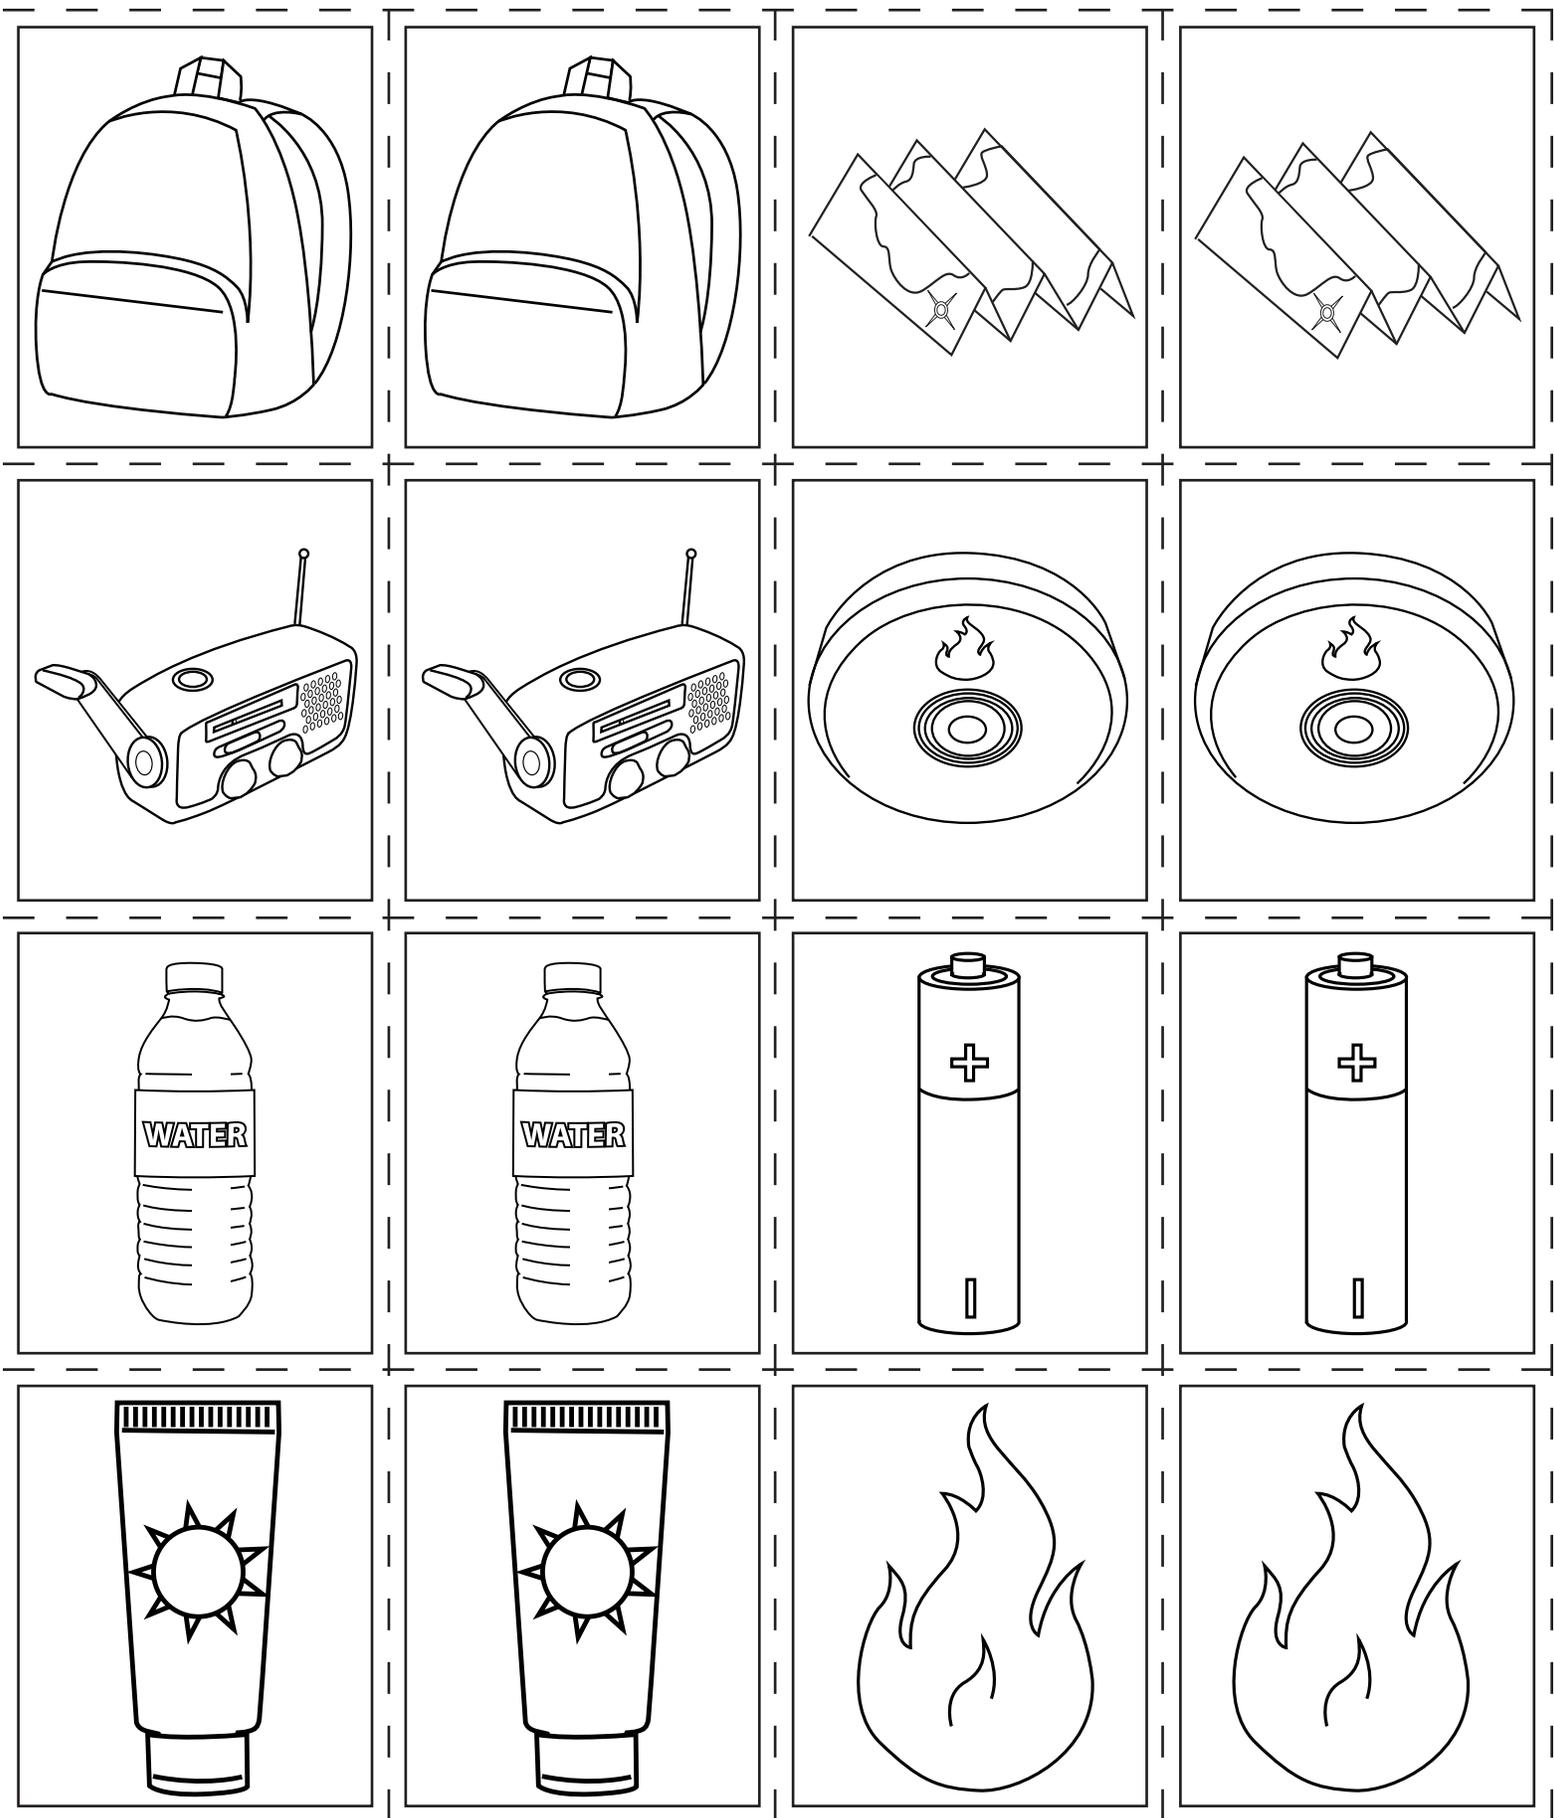

Finish

**Facts
From
Fred**

During a Tornado, you can go to a Basement, Storm Shelter or Safe Room for shelter.

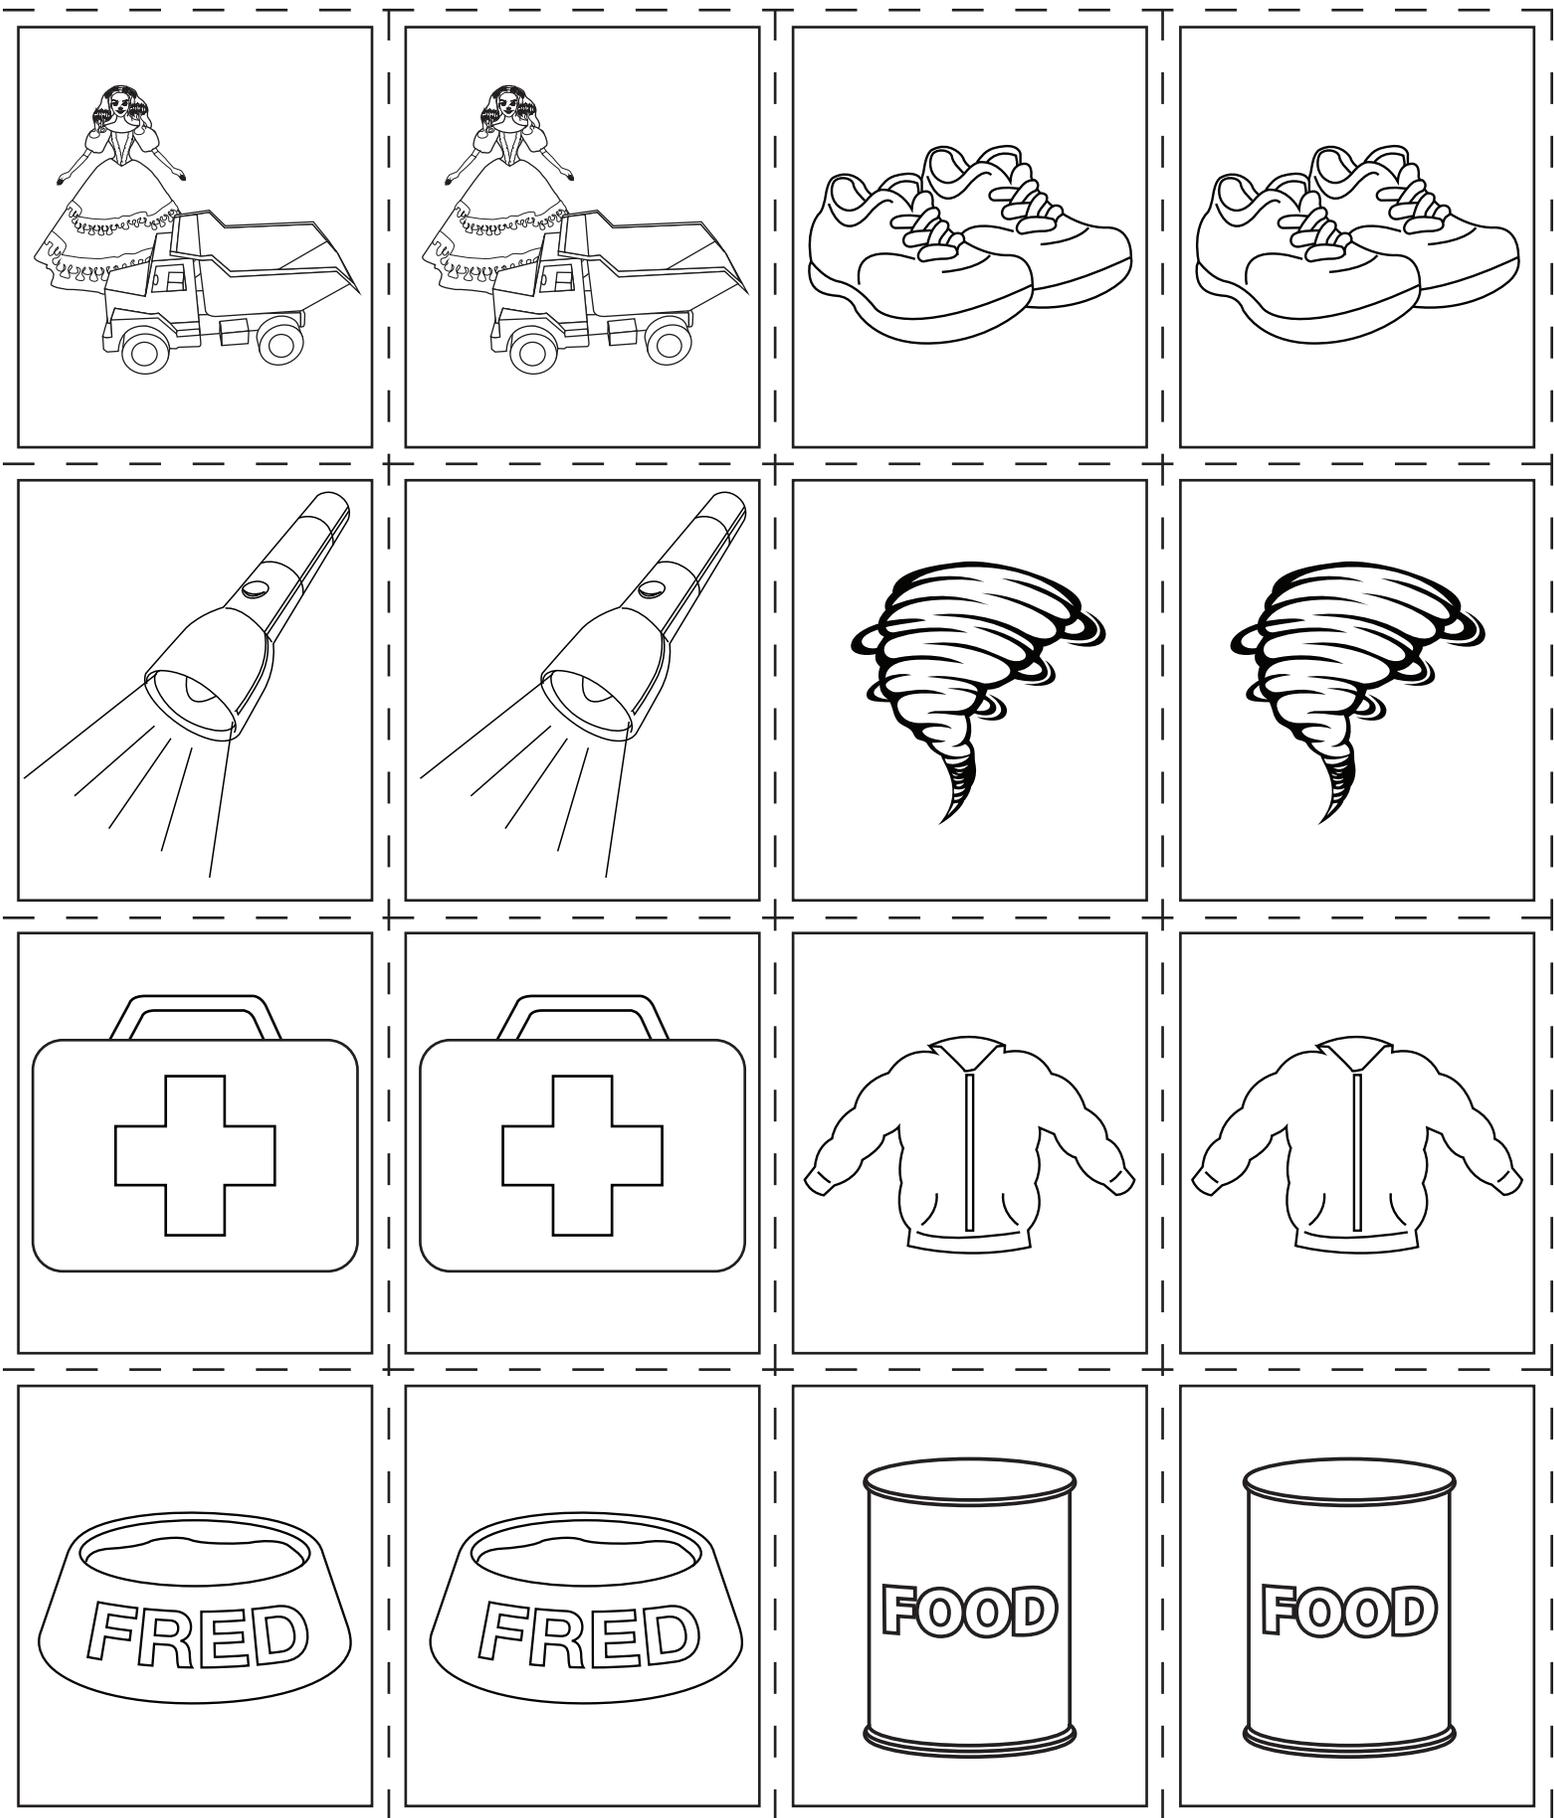

CREATE YOUR OWN MATCHING GAME!

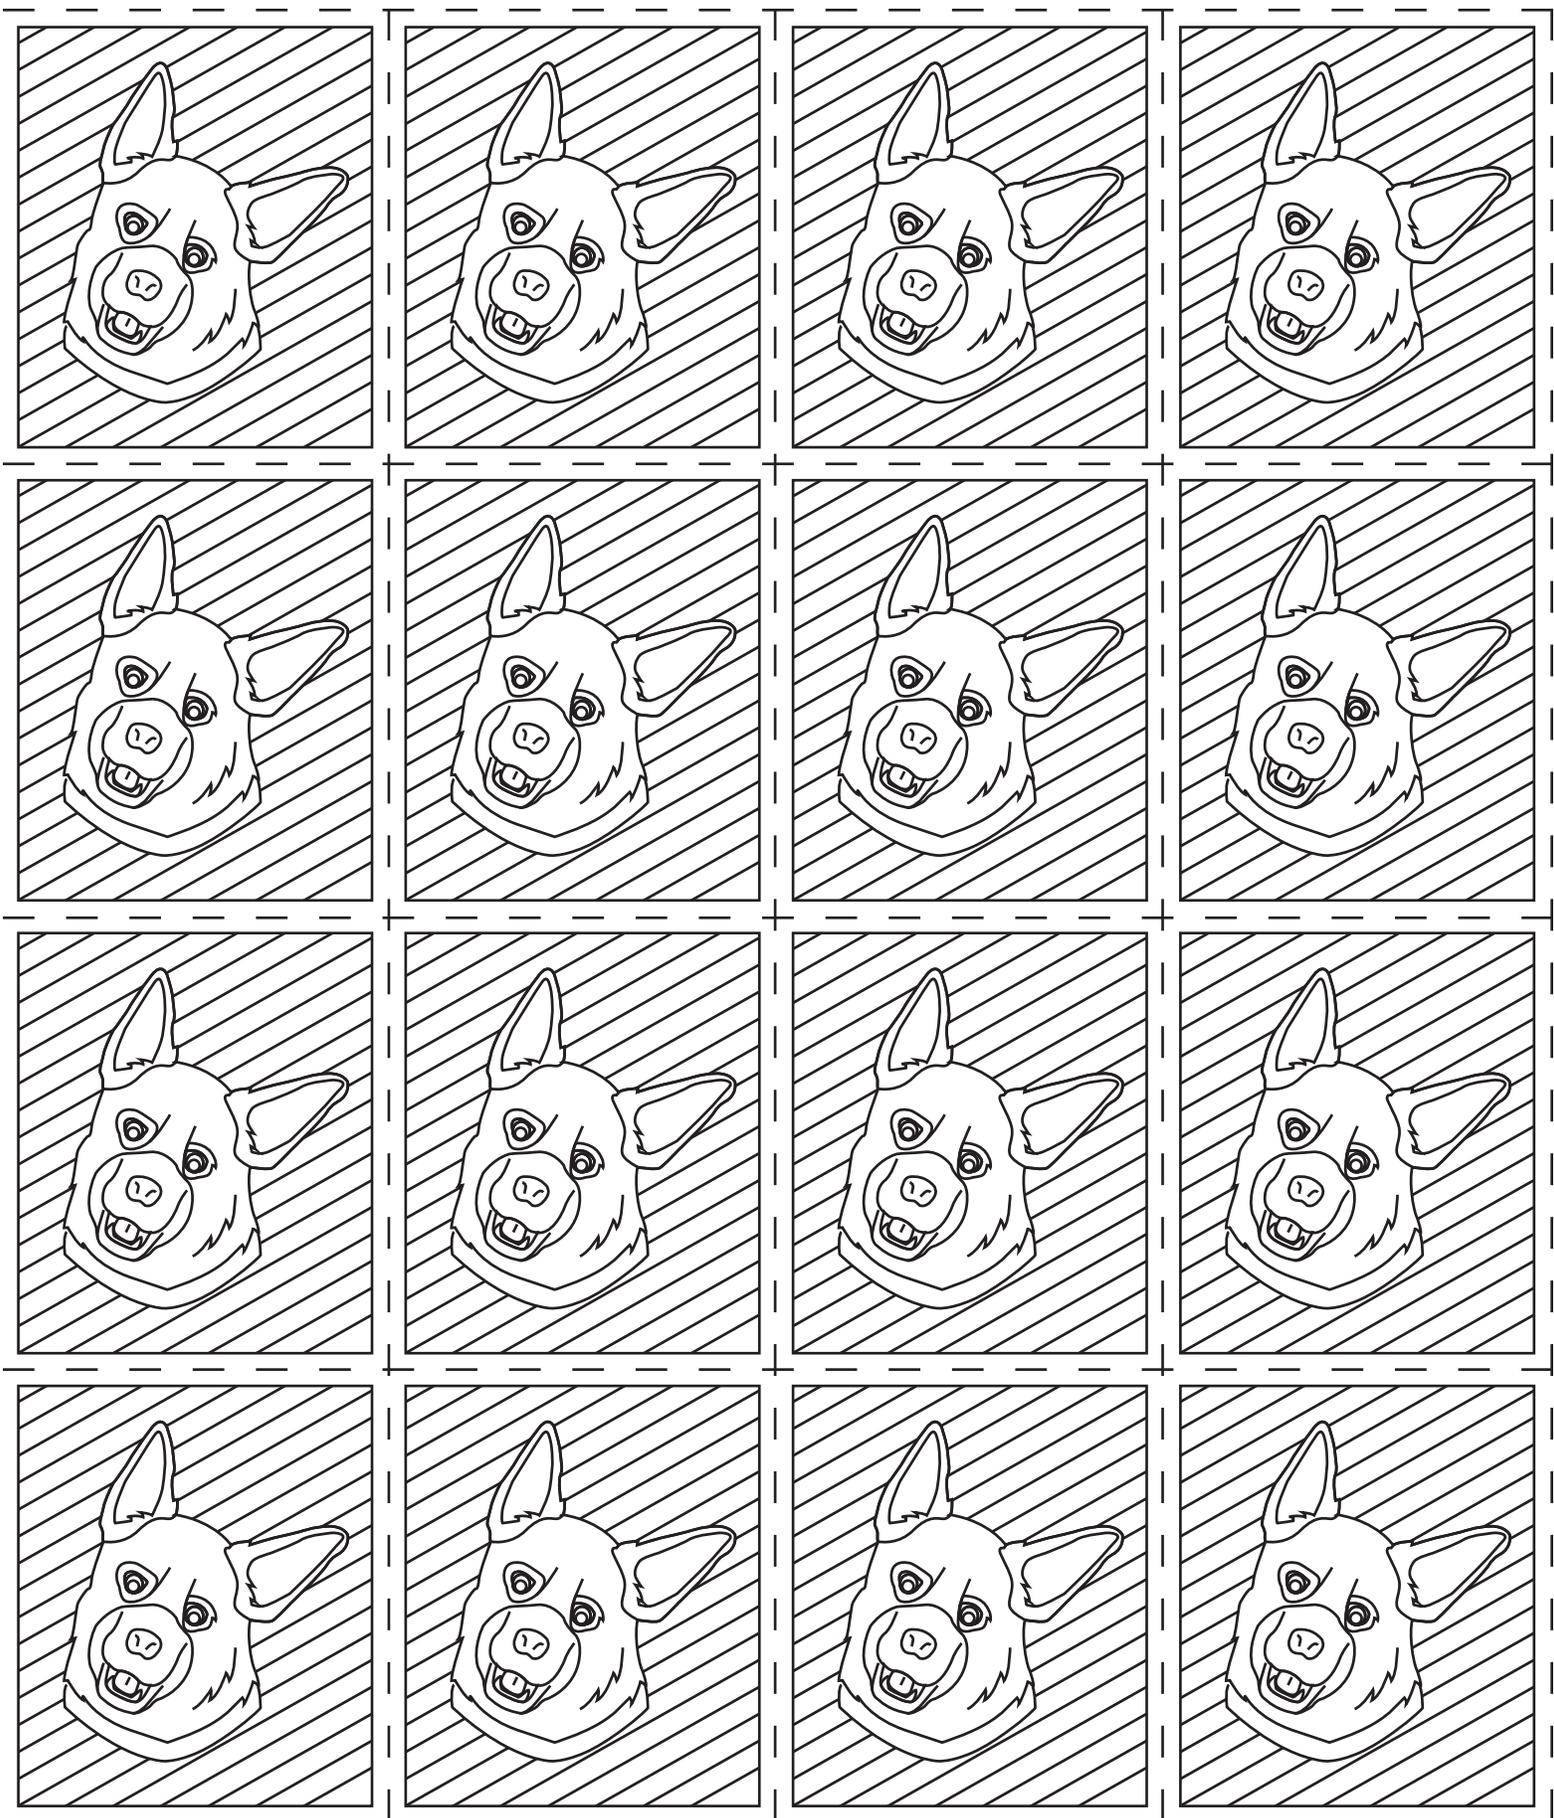

Color these cards and then have an adult help you cut them out. Lay out the cards face down in rows forming a large rectangle on the table or floor.

Make sure the cards are not touching each other.

The first player chooses two cards and turns them over. If the cards match, then they take the two cards and start a stack. The player is awarded another turn for making a match and goes again.

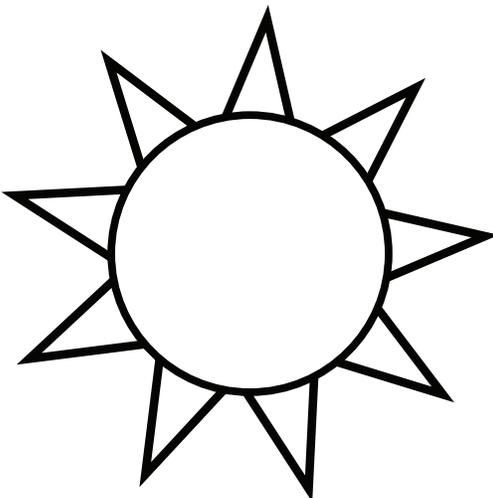

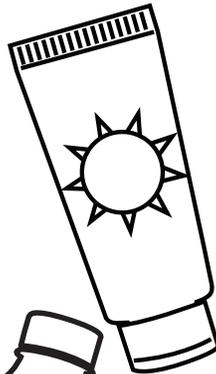

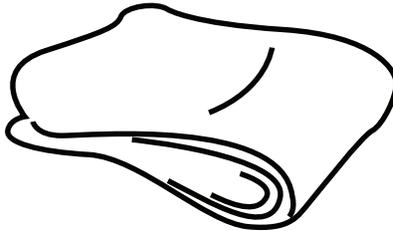

If the cards are not a match, they are turned back over and it is now the next player's turn. Once all the cards have been played, the player with the most matching pairs is the winner.

Staying safe IN EXTREME WEATHER

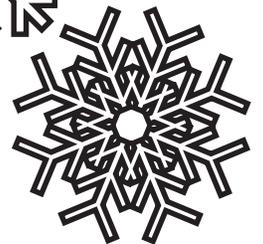

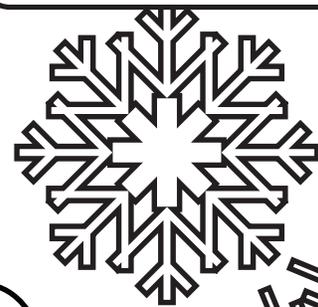

HEAT

- Plenty of water to stay hydrated
- Water bowl for pets
- Appropriate clothing for hot weather
- Weather Radio to keep track of weather headed your way
- Cell phone
- Shelter that will provide shade from the heat
- Sunscreen
- Hat
- Sunglasses

COLD

- Plenty of water to stay hydrated
- Water bowl for pets
- Appropriate clothing for cold weather
- Weather Radio to keep track of weather headed your way
- Cell phone
- Shelter from the cold if you aren't near a building
- Jacket
- Blankets
- Hat

HOW TO MAKE A DISASTER KIT FOR YOUR PET

Get together as a family and make a kit.

A basic emergency supply kit for your pet could include the following items:

- Enough water for each pet for at least 3 days
- Water and food bowl
- Food, at least a three-day supply of dry or canned food
- Blanket or something warm for your pet
- Toys
- Any medication that your pet may take
- Information about your pet, such as vaccine history
- Shelter for your pet, including bedding, so that your pet feels comfortable and safe
- If your pet has been microchipped, keep that information with you
- Plastic bags to clean up after your pet
- Extra leash and collar

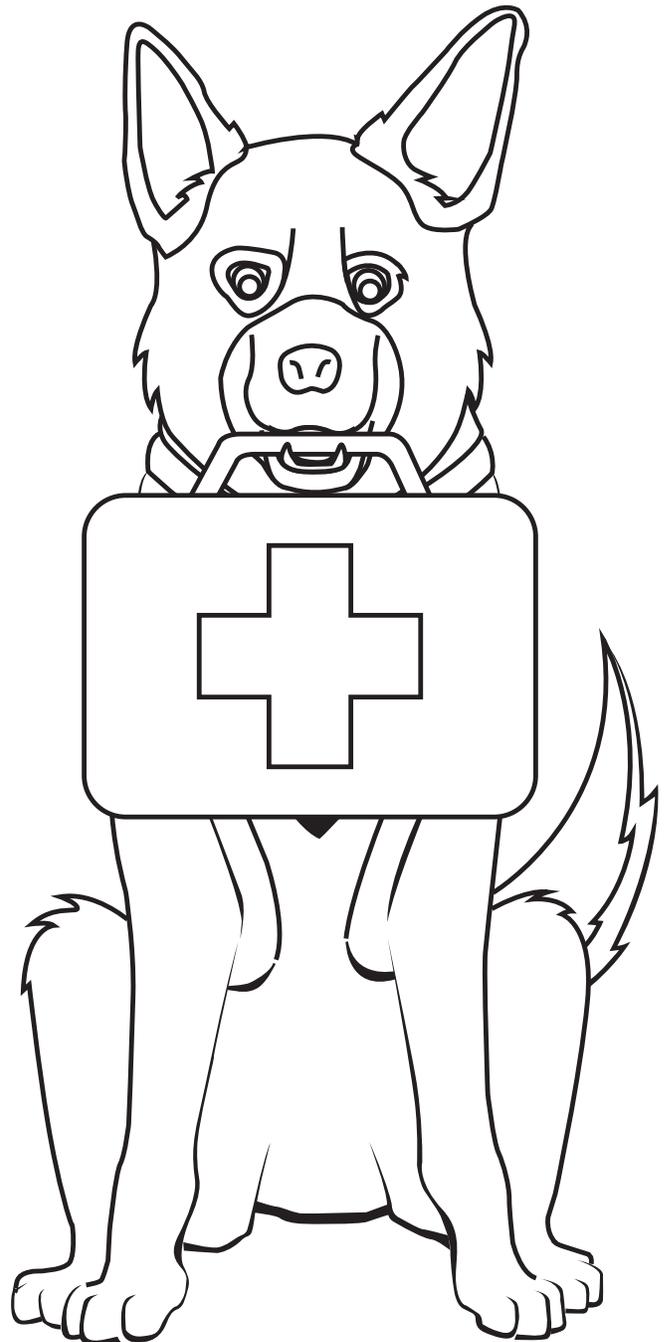

Find the Emergency items below in the mess above!

- | | | | | |
|--------------------------|-------------------|-----------------|-----------------------------|-------------------------|
| Back Pack | Flashlight | Map | Smoke Detector | Water Bottles x3 |
| Batteries x2 | Food | Medicine | Sunscreen Bottles x2 | Water Bowls x2 |
| Dog Treat | Hat | Radio | Toys | |
| First Aid Kits x2 | Jacket | Shoes | Trashbags x2 | |

FIRST AID KIT CHECKLIST

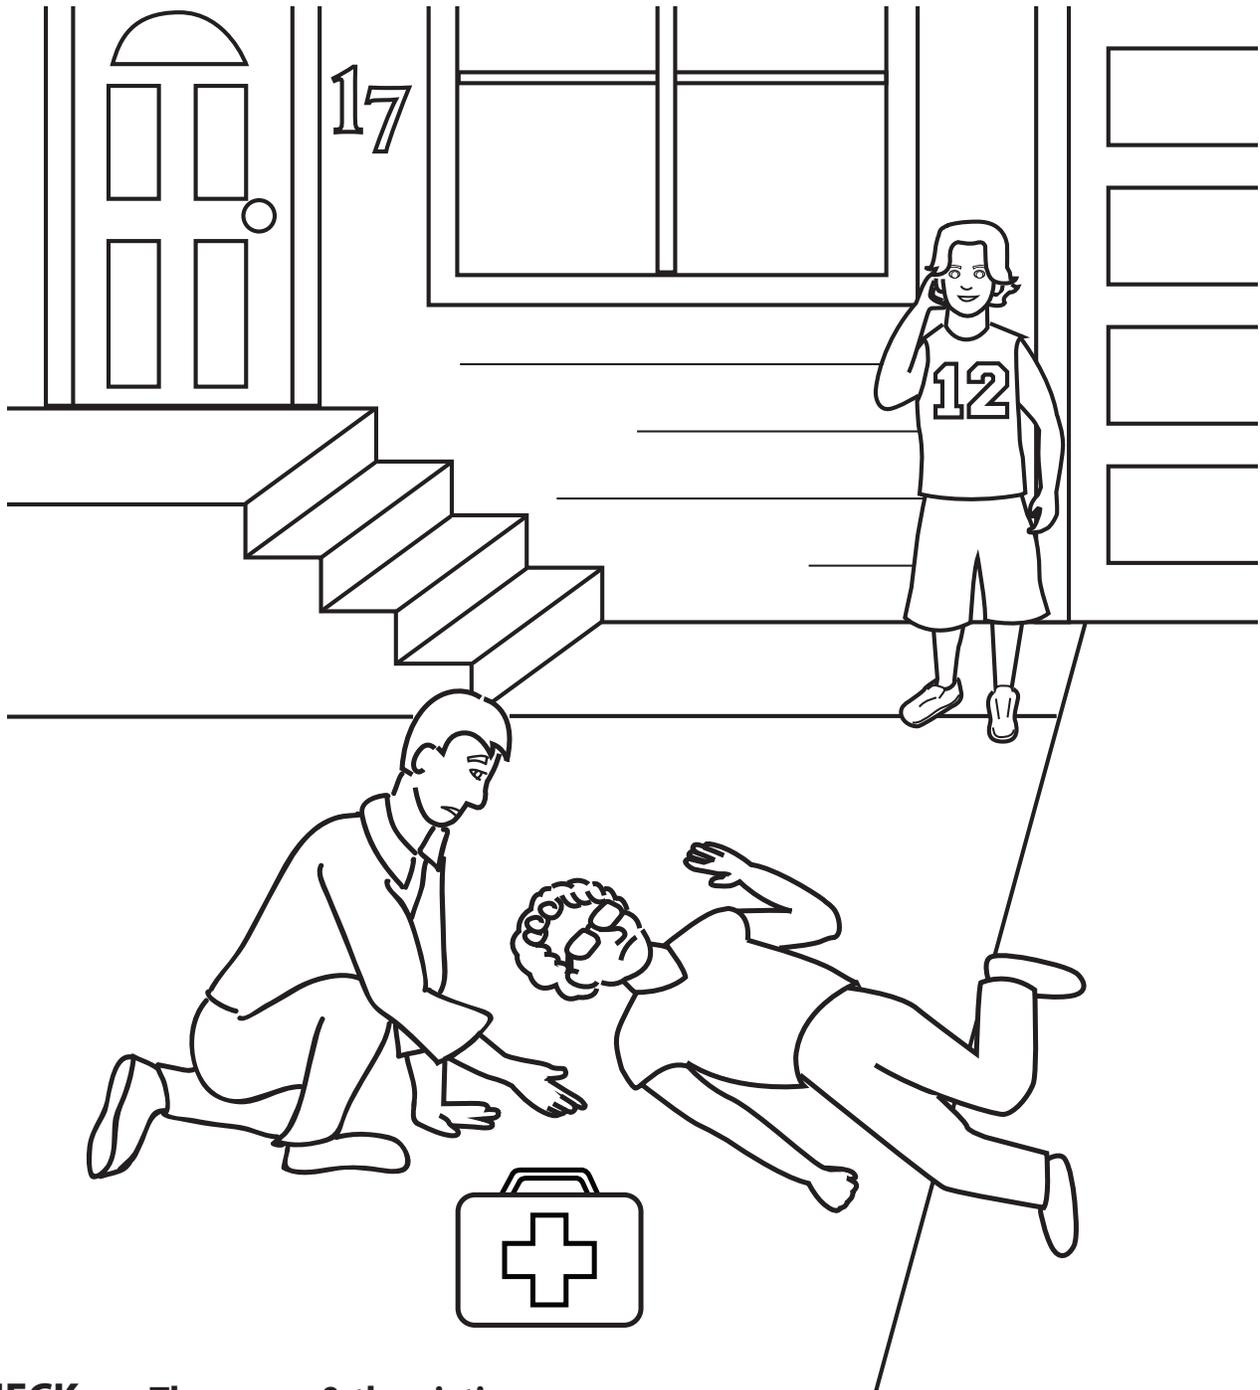

According to the American Red Cross, the following items are needed to have a proper First Aid Kit. Have an adult help you put one together and check each item off. Make sure to add your first aid kit to your family preparedness kit.

- Absorbent compress dressings & adhesive cloth tape
- Adhesive bandages in assorted sizes
- Antibiotic ointment
- Antiseptic wipes
- Aspirin
- Blanket
- Breathing barrier
- First aid instruction booklet
- Hydrocortisone ointment
- Instant cold compress
- Non-latex gloves
- Oral thermometer
- Roller & triangular bandages
- Scissors
- Sterile gauze pads
- Tweezers

CHECK • CALL • CARE

There are 3 steps to follow when assessing an emergency situation.

CHECK: The scene & the victim.

CALL: Call 9-1-1. Calling is the most important action you can do to help someone who is ill or injured.

CARE: Now you and an adult can decide if CPR or FIRST AID is needed. It is always recommended to use gloves and a breathing barrier when giving emergency care.
