## ASTROP

LION

My roar can be heard from five miles away.

I live in trees and can hang

upside down from branches.

I'm the fastest animal on land. I can run at more than 65 mph.

Three cats at the Smithsonian's National Zoo—a lion, a clouded leopard, and a cheetah have each lost a cub.

**Bring the three families back** together by matching the adult cat with the baby cat.

How many other cats can you name? Unscramble these six names and find them in the word-search puzzle.
